

RECKLI Graffix[®] Basic

THE INVISIBLE GRAFFITI PROTECTION
FOR CONCRETE SURFACES.

RECKLI Graffix[®] Basic

A facade is essentially a building's advertisement. RECKLI Graffix[®] Basic "invisibly" protects every kind of concrete surface against graffiti vandalism. The colourless impregnation provides long-term protection and can be applied to fresh concrete without changing its appearance or texture. The long-term protection and weather

resistance makes looking after facades that have been impregnated with RECKLI Graffix[®] Basic extremely easy and economical.
